Description

Lyrical Pursuit aka Big Red can carry a heavier player easily. With good bone and big feet, she has never been lame. She has played 5 seasons mostly at 6-10 goals and has the speed to match most and the stamina for a whole chukka. If you keep on top of her schooling and warm her up properly, she is a solid 8-goal pony. She is great to stick and ball. My tiny groom has spend many hours drifting around on her.
